In 1946, seven distinguished lawyers had the vision to regard the law as a global profession and the courage to create a firm dedicated to the concept that legal excellence can be achieved only when lawyers in a firm cooperate in their practice rather than compete. In so doing, the founders of Cleary Gottlieb created an environment where collegiality, trust, and respect are the guiding principles under which we work all over the world today.

# A Focus on Excellence

“Cleary Gottlieb has been a global firm since the very beginning, and we understand the value of this for our clients and our culture. We take opening an office seriously and understand the commitment it represents to a region. When you walk into any of Cleary’s 16 offices, you immediately sense that it is part of one integrated firm.”

# Professional Development and Training

“One of the most satisfying parts of practicing at Cleary is helping new lawyers enter the profession and gain confidence in their skills as top-notch attorneys. I routinely ask junior lawyers to take the lead on key issues, interfacing directly with clients and adversaries, and building a record of experiences and relationships that will support the rest of their careers.”

---

**Nowell Bamberger**

Partner

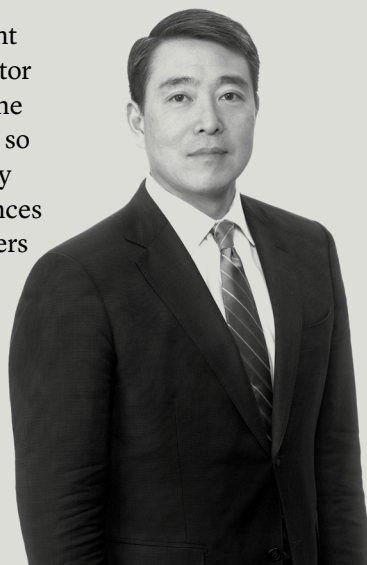

“In my mind, one of the most important things we do as senior lawyers is mentor those who are junior to us. They are the future of our firm and our profession, so we need to invest in them. Some of my most rewarding professional experiences have come from watching junior lawyers grow and develop into legal stars and good mentors themselves.”

We provide training so you can integrate quickly and take responsibility in client matters early in your career.

- All Cleary lawyers spend their first two weeks in our “miniMBA” course, which covers the basics of Wall Street, finance, accounting, and other topics usually found in an MBA course.
- A rich in-house CLE program is offered throughout the year, with comprehensive courses at all levels in all practice areas.
- First-year associates have access to training covering all of our practice areas.
- We offer a structured curriculum aimed at developing skills such as communication, negotiation, project management, business development, effective delegation, giving feedback, and more.
- All associates are supported by Attorney Development Managers, who provide feedback and guidance, and help create individual development plans.

“In addition to the many formal training and mentorship programs that the firm offers, Cleary fosters an environment of apprenticeship that empowers associates to immerse themselves – and take a leadership role in – challenging, high-profile matters. It’s an aspect of the invaluable informal education that comes with working alongside your Cleary colleagues.”

# Senior Guidance

“Supporting the development and professional growth of new lawyers is one of our top priorities. As a senior lawyer at the firm, I consider it a responsibility and privilege to train the lawyers coming up behind me and offer them guidance as they advance in their careers.”

**Cleary’s associate compensation model is based on seniority at all levels. Because we operate as a single, integrated global partnership, Cleary is able to provide clients with seamless legal representation across the world and emphasize a culture of collegiality instead of internal competition.**

You will receive more than a handshake and an orientation package when you arrive at Cleary Gottlieb. You will start a relationship with an assigned mentor, an experienced lawyer who can guide you through professional and personal life at the firm.

Even more important, though, is the day-to-day mentoring you'll receive working with senior lawyers, advising clients, and participating in firm life. You'll have opportunities to connect with mentors both inside and outside of your practice group. Cleary lawyers take the time to help and support each other.

Our approach to mentoring is one that comes full circle. We guide your career ahead and, in turn, eventually you will help new associates advance their careers.

“At Cleary, there is no shortage of mentors to turn to if you need guidance on a particular matter or with respect to your career more generally. Taking advantage of the firm’s number one resource—its people—has been imperative to the development of my legal career.”

# Summer Experience

Your experience in our summer program will be more than academic. You'll work closely with established attorneys to play a meaningful role in firm matters. Partners and other senior lawyers supervise your work, and associates from our Summer Program Committee mentor you.

Your summer associate experience will not be confined to the Bay Area, New York or Washington, D.C. International assignments are plentiful and summer associates are given the opportunity to spend time working in Cleary's overseas offices.

Our program includes formal and informal training. We offer litigation training, 'Wall Street Lunches,' and corporate practice seminars, all of which are targeted specifically to summer associates. In addition, summer associates are invited to attend presentations that introduce them to practices throughout the firm as well as the lawyers in each area.

We also provide opportunities for summer associates to get to know Cleary lawyers and each other through events such as partner-hosted dinners, theater shows, cooking class competitions, concerts, and sporting events.

“One of the greatest benefits of my Cleary summer experience was the availability of senior lawyers to guide me in my professional development. With their formal and informal mentoring, I was able to build a career path and gain confidence in my skillset as a lawyer.”
