Interested in a career at Cleary Gottlieb?

Recognized as a preeminent global law firm with over 1,100 lawyers, Cleary Gottlieb Steen & Hamilton LLP has offices in 16 cities worldwide. Our Brussels office has internationally acclaimed tier-one competition and corporate practices that are seeking candidates aspiring to become outstanding lawyers and work at the cutting-edge of business and the law.

On Thursday, October 10, 2024 we will host a networking and recruiting event in our offices for Belgian law students in their Master or final Bachelor year.

We will start by presenting our firm and the opportunities at Cleary Gottlieb for law students, ranging from summer associate positions to embarking on a career as a lawyer, possibly coupled with an LL.M. in the United States.

The presentation will be followed by an informal quiz in which you will compete in teams and meet some of our lawyers. What better way to showcase your trivia skills, and learn all about a career in big law?

You will have the chance to discover for yourself how our working environment uniquely blends an atmosphere of collegiality with the possibilities of seamless hybrid working.

The event will conclude with a walking dinner and reception. Our partners, counsel, associates, and stagiaires will be delighted to connect and address any questions about life and work at Cleary Gottlieb.

We invite you to register for the event and confirm your attendance by sending your CV to **brulegalrecruit@cgsh.com** before October 6th, 2024.

We much look forward to seeing you on October 10!
